

Disposable Examination Gloves

Gloves play a critical role in preventing the spread of infection by providing a physical barrier between the wearer and hazards such as bacteria and viruses. Premier's range of disposable gloves come in both Nitrile and Vinyl options and range from Small to Extra Large in size.

NITRILE EXAMINATION GLOVES

With strong resistance to puncturing and a low allergy rate, these gloves are a versatile option for a wide variety of industries. These gloves provide high chemical resistance, biohazard protection, and have been specifically designed for general use in healthcare and commercial cleaning environments.

CODE	DESCRIPTION	SIZE	MATERIAL	UOM/QTY
BZ331/S	Powder-Free Examination Gloves, Blue	Small	Nitrile	BX/200
