

Ecotainer®

Irrigation Container

Solutions well in hand

Whenever you need larger volumes of irrigation solution, you can rely on Ecotainer®.

The container is made of polypropylene – a transparent and robust material suitable to meet the highest demands.

The moulded shape of Ecotainer® offers a comfortable grip for all hands regardless of size, even under wet conditions.

The colour coded screw cap is easy to open. The white sealing ring gives visible assurity that the container is sealed and tamper-proof.

- Sodium Chloride 0.9% for irrigation
- Water for irrigation

Ecotainer® provides excellent non-drip pouring characteristics which allow irrigation solutions to be applied cleanly and accurately.

A graduation scale supports volume measurement.

User Benefits

- Excellent pouring characteristics
- Comfortable grip
- Colour coded caps
