

Viking® Over Toilet Frame

Code: CBR390

The Viking® over toilet frame assists with toilet transfers and helps an individual to get on and off a toilet. It is ideal for people with hip or knee injuries or those who require greater seat height. The ergonomically angled support arms enable a user to get a better grip on the frame, and the seat can be adjusted in height to reduce the distance the user needs to bend, sit down and stand. The flip-up toilet seat can be easily removed for cleaning and comes complete with a splashguard.

FEATURES

- Pre-treated steel frame for rust protection
- Powder-coated steel
- Raised seat and support arms to assist toilet transfers
- Ergonomic angled arms
- Removable flip-up toilet seat and splashguard
- Stackable frame for easy storage
- Non-slip rubber tips
- Height adjustable
