

InstantFOAM®

Alcohol-Based Foam Hand Sanitiser

PRODUCT DESCRIPTION

Highly effective alcohol based hand sanitiser dispensed as a foam.
The world's first alcohol foam hand sanitiser.

WHERE TO USE

Ideal for use in all food handling environments where high levels of hand hygiene are vital. Also, suitable for use in cafeterias, office areas, rest areas and any public facility to help reduce the spread of germs.

WHEN TO USE

Food handling environments - use hand sanitiser as recommended by HACCP risk assessment.

General hygienic use - use hand sanitiser after coughing, sneezing, contact with body fluids or touching potentially contaminated surfaces.

HOW TO USE

For **general hand hygiene** - apply 1-2 doses to clean dry hands and rub in well across all parts of hands for a minimum of 15 seconds or until hands are dry.

FORMAT: FOAM

This product complies with Standard No: PCPv4.1ii-2013, GECA Standard which can be read at www.geca.eco. GECA's Ecolabel trade mark indicates the environmental performance of a product has been certified from multi-criteria perspective. Products that carry the trade mark are certified environmentally preferable by GECA.

FEATURES	BENEFITS
Highly effective	Highly effective formula kills 99.999% of many common germs.
Instant foam action - dispensed as a foam	Rapidly and easily rubs across hands, providing the user with complete control of the product, preventing the dripping and splashing associated with using liquid alcohol sanitisers.
Does not contain gelling agents	Unlike alcohol gel sanitisers, the product does not contain gelling agents that leave the hands feeling sticky, particularly after multiple use.
Pleasant-to-use	The rich foam is extremely pleasant for frequent use in-between hand washing, encouraging maximum compliance.
Perfume-Free and Dye-Free	Designed for people who are sensitive to perfumes and dyes and who prefer products which do not have these added.
Skin Hypoallergenic	Dermatologist tested to verify and confirm this product has very low allergenic potential and is designed for sensitive skin.
Suitable for food facilities	Product has been independently evaluated and trace amounts of the product are not expected to cause adverse toxicological effects. Food handlers should use product only in accordance with label instructions and product should not come directly into contact with food or items that contain food.
No mess	Does not clog pumps or splash and drip on surrounding floor and wall surfaces as associated with liquid and gel sanitisers.
No water required	Quickly dries on hands without the need for rinsing with water. Ideal for use outside the washroom at the point of need.
Convenient	Available in a range of sizes for use in different workplace and public environments.
Glove compatible	Suitable for use with latex, vinyl and nitrile gloves.

InstantFOAM®

Alcohol-Based Foam Hand Sanitiser

SAFETY DATA SHEETS

For Safety, Environmental, Handling, First Aid and Disposal information please refer to our Safety Data Sheet which can be downloaded from www.scjp.com/en-au/safety-data-sheets.

HANDLING INSTRUCTIONS

Use safely. Always read the product instructions before use. Please refer to the label or SDS for safety information.

SHELF LIFE

This product has a shelf life of 48 months for most pack sizes.
*50ml has a 36 month shelf life.

SUITABLE FOR USE IN FOOD HANDLING

The use of InstantFOAM® as per usage instructions, does not influence the quality and safety of foodstuffs.

The product has been assessed using the HACCP hazard analysis methodology. The following critical control points were identified and are controlled as follows:

1. Impact on smell and taste of foodstuffs – The formulation has been independently tested according to 'Sensory Analysis – Methodology – Triangle Test BS EN ISO 4120:2007' and proven to not have the potential to taint food.
2. Possible toxic effects of ingredients – An independent oral toxicological evaluation was performed and concluded that any foodstuffs which may contain trace amounts of the product, are unlikely to cause any adverse toxicological effects.

QUALITY ASSURANCE

SC Johnson Professional products are manufactured in facilities which follow Current Good Manufacturing Practice (cGMP) and/or Cosmetic GMP requirements.

All raw materials used for production undergo a thorough quality control process before being used for manufacturing in SC Johnson Professional's high quality products.

All finished goods are subject to intensive quality testing before being shipped out to our customers.

COMPATIBILITY ASSURANCE

Glove Compatibility

In independent testing, the use of InstantFOAM® in combination with reputable latex, vinyl and nitrile gloves does not have any deleterious effect on the glove tensile properties using BS EN 455-2:2009 test methodology.

PRODUCT SAFETY ASSURANCE

Skin Compatibility Test

Clinical dermatological tests have been conducted to assess the skin compatibility of the product using voluntary test persons in enclosed and repeat application models. These tests, as well as in practical use, have proven that the product has very good skin compatibility. Skin compatibility expert reports are available upon request.

Toxicological Approval

The product has been independently assessed for human toxicity and product stability. It is declared safe for intended use, meeting all relevant regulatory requirements.

Skin Hypoallergenic

The perfume-free and dye-free formulation did not demonstrate a potential for eliciting dermal sensitization after conducting an independent 6 week Human Repeat Insult Patch Test (HRIPT).

Allergy sufferers should always refer to the ingredient list before using the product.
