# WYPALL® X50 ROAR®

## Reinforced Wipers

### COST EFFECTIVE, GENERAL PURPOSE WIPERS

WYPALL® X50 reinforced wipers are ideal for:

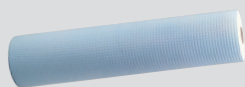

- Wiping surfaces.
- Absorbing general spills.
- Polishing glass or stainless steel.
- Absorbing fine oil or grease.
- General cleaning.

- ✓ **WYPALL® X50** is the strongest of the paper wipers, offering a balance between performance and value.
- ✓ These wipers maintain their strength wet or dry.
- ✓ **WYPALL® X50** wipers are available in white and blue colours. Blue has become the universal colour for disposable items in food preparation areas as the blue wiper is easily visible and identifiable.
- ✓ Every wiper is of identical size and quality, and hygienically clean.
- ✓ Practical dispensing systems are available, allowing easy access to the wiper and creating an efficient workplace.

## Occupational Health & Safety

In today's workplace there is an increasing demand for operations to be faster and more efficient, while at the same time minimising worker risk. **WYPALL® X50** wipers are tough on cleaning, while helping to improve hygiene and enhance Occupational Health & Safety performance in your workplace.

- **WYPALL® X50** wipers can provide a hygienic wiping solution designed to help maintain a safe and clean work environment. Their disposable nature helps in 2 ways:
  - Limits bacteria growth in a food environment
  - Helps to prevent cross-contamination in a healthcare environment.
- **WYPALL® X50** wipers have the ability to absorb liquid or grease spills quickly, helping to prevent slips and falls.

## WYPALL® PERFORMANCE GUIDE

### Selecting the best wiper for your needs

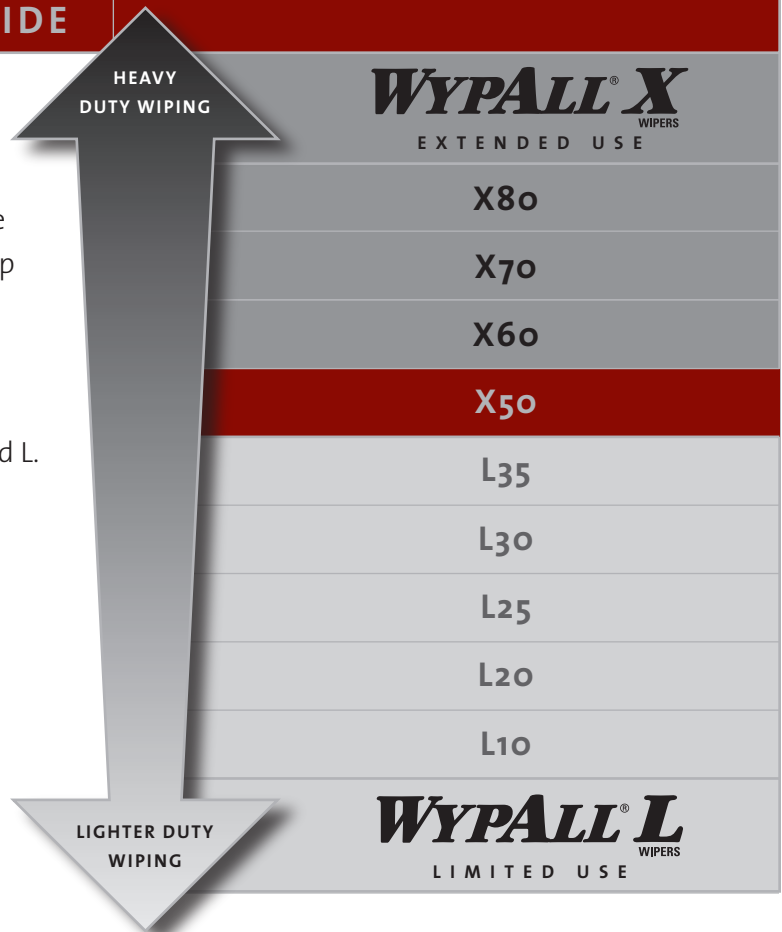

**WYPALL® X50** is one part of the versatile range of **WYPALL®** performance wiping cloths. To help you select the best wiper for your wiping task we have included a rating system.

#### How the rating system works:

**WYPALL®** wipers come in two categories, X and L.

- X =** Extended use for heavier duty wiping tasks.
- L =** Limited use for lighter duty or single-use wiping tasks.

Each of the X and L categories are then rated numerically on performance – for example **WYPALL® X50** wipers offers higher performance than **WYPALL® L10** wipers.

## SUPPORT & QUALITY GUARANTEED

### No Risk Trial

We are confident that the products we recommend will improve your productivity and enhance hygiene. Ask your Kimberly-Clark Professional representative for our No Risk Trial program conditions.

### Environmental Policy

All Kimberly-Clark Australia locations operate to comply with applicable regulations and meet ISO 14001 or it's equivalent. Our products are designed and produced to conserve resources by reducing use of raw materials, packaging and energy in manufacture, and by recycling production waste.

### HACCP Certification

Kimberly-Clark has implemented a standard called HACCP (Hazard Analysis Critical Control Point) at the manufacturing site where this has been produced. The system enables us to guarantee our products are safe. It is a preventative system to ensure that contamination is avoided, but should it occur, it is detected at the earliest possible point during the manufacturing process. The HACCP standards are reviewed by both internal and external auditors annually to ensure the standard is achieved.

### Guarantee of Satisfaction

Our 'no-quibble' guarantee, covering all Kimberly-Clark Professional Products, assures you of trouble-free performance by our recommended systems. The quality and consistency of our products allows us to offer a money-back or replacement of stock guarantee.

### Guaranteed Support

We are proud of our after sales service. Our national network of distributors and sales representatives are on hand when you need them, the answer to any query you may have is just a phone call away.
