

HAND WASH

DESCRIPTION

HAND WASH is a creamy foaming hand soap that has been blended to be tough on dirt and grime but soft on hands. It has been formulated from a combination of surfactants, emollients and moisturisers to provide gentle cleaning that supports healthy skin.

DIRECTIONS FOR USE

Dispense a small amount of HAND WASH onto hands, gently work up a rich lather and rinse off with water.

To prevent microbial contamination of the product, close containers immediately after use and do not add or insert any foreign materials or objects.

SAFETY INFORMATION

HAND WASH is NOT classified as Hazardous according to the GHS.

HAND WASH is NOT classified as Dangerous Goods according to the ADG Code (7th Ed).

HAND WASH is NOT a Scheduled Poison according to the SUSMP.

FIRST AID INFORMATION

For advice in an emergency, contact **Poisons Information Centre Australia (phone 13 11 26)** or a **doctor at once**. If swallowed do NOT induce vomiting. Wash out mouth thoroughly with water. If in eyes, hold eyelids apart and flood with water for at least 15 minutes. Seek medical attention if irritation occurs.
