

K2 AUTO RINSE ADDITIVE

DESCRIPTION

K2 AUTO RINSE ADDITIVE promotes free rinsing and prevents water spotting and streaking leaving crockery and cutlery sparkling. Ensures fast drying times when used in hot water. Manual drying is eliminated thus reducing labour costs and also preventing cross-contamination from the use of towels.

DIRECTIONS FOR USE

Automatic Washing: introduce during the rinse cycle at 1-3mL per litre of water via automatic dosing equipment. For best results flash drying at 80-90°C is recommended.

Domestic Washing: rinse additive is dispensed from a small reservoir unit which must be kept full.

Manual Washing: add 1-3 ml to a sink of very hot water. Immerse the articles to be rinsed in this solution using a basket or tray, remove and allow to drain.

SAFETY INFORMATION

K2 AUTO RINSE ADDITIVE is classified as Hazardous according to the GHS.

K2 AUTO RINSE ADDITIVE is NOT classified as Dangerous Goods according to ADG Code (7th Ed).

K2 AUTO RINSE ADDITIVE is NOT a Scheduled Poison according to SUSMP.

Avoid contact with eyes and skin. Refer to SDS for further information.

FIRST AID INFORMATION

For advice in an emergency, contact a **Poisons Information Centre (Phone Australia 13 11 26 or New Zealand 0800 764 766) or a doctor at once**. If swallowed do NOT induce vomiting. Wash out mouth thoroughly and seek immediate medical attention. If in eyes, hold eyelids apart and flood with water for at least 15 minutes. If on skin, remove contaminated clothing and wash affected area with running water. Seek immediate medical attention.
