SPECIFICATION SHEET

Code: VGS199SQ

Description: SCRAPER PLASTIC BONE DUST

Ensure your meats have a fresh, natural appearance with this bone dust scraper. Its semi-flexible blade can be manipulated into hard-to-reach areas where bone dust can accumulate during the butchering process. Its design also makes it great at scraping off any fat film that may be present. With a Sani-Safe white poly construction, this scraper is impervious to bacteria to provide superior sanitation. Plus, it has a slip-resistant, polypropylene handle with a molded grip for optimal comfort. Use this scraper to ensure each piece of meat you offer boasts a clean, professional presentation.

Dimensions:

Blade length	4inches
Handle length	4inches
Overall length	8inches

Edge style: Straight

Handle material: Polypropylene

Country of origin: America

Features:

- Rigid handle, semi-flexible blade
- Blade can be manipulated into hard-to-reach areas where bone dust can accumulate
- Made of white polypropylene for easy cleaning
- Designed to easily scrape off any fat film that may be present on meat
- Construction is impervious to bacteria for superior sanitation
