

## Product Technical Bulletin

**Product Name:** WYPALL® X60 Wipers

**Product Code:** 94223

**Description:**

All WYPALL® X Wipers are made from patented HYDROKNIT® material which is comprised of soft, absorbent cellulose fibres and strong polypropylene non-woven fabric. The cellulose component allows these wiping cloths to absorb water quickly and effectively, while the tear-resistant polypropylene fabric soaks up more than its own weight in oil and grease. The result is a durable and absorbent wiper, which can be used wet or dry. The wipers are produced in a HACCP certified facility.

WYPALL® X60 Wipers are versatile, offering a balance between performance and value. They combine softness and absorbency, making them ideal for personal wiping. WYPALL® X60 Wipers can also be used to clean tight corners on machinery due to their flexible nature.

Key applications include (but are not limited to):

- Personal wiping
- Wiping surfaces
- Absorbing liquid spills
- Absorbing oil and grease
- Polishing glass, stainless steel and other metal
- Cleaning sinks, grills, ovens and machinery
- Preparing surfaces with solvents
- Replacing tea towels or waste rag

**Product information:**

Product Format	Colour	Sheet Size	Pack Count
Small roll	Blue	24.5cm x 42cm	80 sheets x 6 rolls

**Workmanship standard:**

Wipers are made in accordance with reasonable industry practice with respect to holes, tears, wrinkles, cleanliness and foreign materials or dirt. Edges are cleanly cut and not ragged. Wipers are folded as specified. Wipers have no disagreeable odour, either wet or dry, in accordance with reasonable industry practice.

**Ingredients:**

These wipers are made from cellulose fibres hydro-entangled into a polypropylene substrate using patented HYDROKNIT® technology.

Cellulose fibre (CAS 9004-34-6)	75 - 85%
Polypropylene (CAS 9003-07-0)	10 - 25%
Organic Resins	< 5%
Blue Dye	< 0.5%
Inorganic Salts (various)	Trace only

Not classified as hazardous according to the criteria of NOHSC

## Product Technical Bulletin

### **Additional Information:**

#### **Health Effects**

When used according to the company's directions and for the purpose for which they were intended, these wiping cloths will not have any adverse health effects.

#### **First Aid**

Swallowed: Remove any material causing obstruction. Seek medical attention if swallowed accidentally.

Eye: Remove any foreign matter and flush with water. Seek medical attention if irritation persists.

Skin: Non irritant. Product is intended to be used in direct contact with skin.

Inhalation: Remove any material causing obstruction.

#### **Precautions for Use**

Will burn if subject to excessive heat or flame. Do not use wiping cloths to clean or remove any material over 100°C. Burn properties change if flammable or combustible fluids are absorbed into the wiper.

#### **Safe Handling Information**

Store away from any source of ignition. May react with strong oxidising agents e.g. pool chlorine. Fire fighters should wear personal protection and self-contained breathing apparatus. Use fire fighting media suitable for principal cause of fire. Do not allow product to enter drains or waterways.

#### **Disposal Information**

Disposal of uncontaminated wiper to ordinary landfill or properly managed municipal incineration is suitable.

Dispose contaminated wipers in accordance with local regulations.
