

Continence Pad Storage Unit

Optimising care and providing a best practice system

The Abena Continence Pad Storage Unit provides a best practice system, ensuring that the correct product is available for the individual at the specific time of day.

Provides:

- Discreet storage where locker space is at a premium
- A lightweight unit that can be hung discreetly in a wardrobe/locker/bathroom
- Protection for the continence product
- Hygienic storage
- Ensures economy of pad usage
- Provides spare pocket for stretch pants, wipes, slide sheets
- Section for allocation card
- Best practice system
